

Dear Pennsylvania Parents and Community Members:

On behalf of the Secretary of Education, Pedro A. Rivera, I'm pleased to invite you to participate in a Stakeholder Feedback Session to discuss Act 158, which establishes Pennsylvania's new statewide graduation requirements.

These graduation requirements will be in effect for the graduating class of 2022. This critical stakeholder engagement opportunity allows you to help shape the application of Pennsylvania's five pathways to graduation.

You are encouraged to join us by registering for one of our convenient virtual sessions. You can view the presentation and participate in comment/question periods simply by logging-on from your computer.

Districts are also encouraged to share this information with their parent groups, as their participation and feedback is important in this process.

Please register in advance using the links below. After registering, you will receive a confirmation email containing information about joining the webinar.
